

## CUTCHIN CASE WILL REACH JURY TO-DAY

Final Arguments of Leading Counsel for Both Sides Will Be Made.

(Special to The Times-Dispatch.)  
Roanoke, Va., May 30.—Although to-day was a legal holiday, it did not interfere with the proceedings in the case of Mayor Joel H. Cutchin, in the Corporation Court, being tried for malfeasance. The arguments commenced to-day, and when court adjourned this afternoon three of the attorneys had made their arguments, these being R. M. Smith, for the prosecution, and John L. Lee and Marshall McCormick for the defense. These four perhaps are among the most able criminal lawyers in the State, and are well known for their ability in pleading before juries.

The instructions, twelve in number, are elaborate, and under them it is thought by many, the jury cannot fail to bring in a verdict of guilty.

The jury will probably get the case late to-morrow afternoon.

## WILL BEAUTIFY PROPERTY ADJOINING B. &amp; O. STATION

(Special to The Times-Dispatch.)

Harrisburg, Va., May 30.—Harrisburg voted to-day upon the question of purchasing the Lamb-Sullivan property, adjoining the new \$30,000 depot, with a view to tearing down the present structures and beautifying the site, in some appropriate manner. The vote was as follows: Two hundred and forty-five for buying the property, 206 against, and sixty-seven for buying half the property.

Ever since the completion of the Baltimore and Ohio passenger station, the question of purchasing the property and making a public park or playground has been a live issue here. The local papers have been filled with articles, pro and con, and the excitement was second only to a wet-dry contest. Several weeks ago two prominent citizens disagreed so thoroughly that they met on Main Street, the lie was passed, and a haircut followed, with black eyes, and thumped heads as the result.

The controversy continued with newspaper articles and street corner discussions galore, and the result was in doubt up to the very last.

The Lamb-Sullivan property is valued at about \$15,000.

## TRAINS COLLIDE; NINE ARE KILLED

McCook, Neb., May 30.—Running fifty miles an hour, two passenger trains on the Chicago, Burlington and Quincy Railroad collided head-on yesterday, three miles west of here, killing nine persons and injuring a score. All of the dead are Western people. None of the injured is seriously hurt.

The Denver and the Omaha League baseball clubs were traveling in Pullmans attached to the westbound train. The car in which the Denver players were riding was thrown over. The occupants, all of whom were sleeping late, were tossed into the aisle, but none was hurt beyond slight bruises and a broken toe, which President McGill sustained. The car occupied by the Omaha men remained upright, and none of the occupants was injured. The three forward cars of each train were smashed.

The chair car of the eastbound train was telescoped and demolished. It was in these cars that the passengers killed were riding. Both locomotives were reduced to scrap iron and the crews were killed instantly. Many of the injured, planned in the wreckage, were scalded by escaping steam from broken pipes. Although it has not been determined just where the blame lies for the collision, it is supposed by railroad men that a change of running time which went into effect yesterday may have been overlooked by some one.

## LONG DROUGHT PROVING SERIOUS

Many Crops Are Failures, and Fires Are Raging in Forests.

(Special to The Times-Dispatch.)

Spotsylvania, Va., May 30.—The long and protracted drought through this section is now a serious problem with the farmers. Six weeks of absolute dry weather without a shower of rain has come and gone and the farmers are using nothing with the soil. The hay crop is an absolute failure, and early vegetables have hardly as yet begun their growth, and even if the rains shall come in the next week, it will be midsummer and perhaps after before they can be used. A spell of dry weather covering half of April and all the month of May has never before been known in this section. Crops of all kinds have been greatly shortened, and the area planted and sown is not half as much as is usually cultivated. Some farmers have turned their stock in upon their fields of oats as they promise no harvest, and others are grazing their hay fields, because of no grass to mow. This condition of things will necessarily bring great hardships upon the people, as a few days more of dry weather will stall all hope of planting the usual crops. Sufficient water for stock can scarcely be found on any farm, and the streams and wells are shortening in their water supply. The forests in many sections of the county are on fire, and owing to the dry condition of the forest matter it is impossible to stop the fires. Great volumes of black smoke are seen rising like clouds in every direction, and thousands of acres of land are being burned over. A great quantity of timber will be destroyed and much property of that character will be burned up.

Potato Crop in Onancock Section Threatened With Destruction.

(Special to The Times-Dispatch.)

Onancock, Va., May 30.—The drought continues throughout the county, and is the most severe and the most disastrous ever known in May. The yield of strawberries was not more than one-third, and now the round potato crop is threatened with destruction. The tops, only about six inches in height, are beginning to blossom, and no tubers formed. This will help, but it must come soon. This is the most expensive crop planted here, and general discouragement exists over the outlook.

The strawberry season closed Saturday. Buyers were many, with far more demand than supply. At most of the stations the shipments were sold at auction, bringing prices much above the usual figures. Perhaps the greatest loss is among the pickers.
